

## EDUCATION

<b>PhD in Medical Genetics</b> University of British Columbia (UBC), Canada.	2019 –
<b>MSc Genetics of Human Disease: Inherited Diseases</b> University College London (UCL), United Kingdom.	2017 – 2018
<b>BSc Biomedical Genetics (Honours) – 2:1</b> Newcastle University (NCL), United Kingdom.	2014 – 2017

## RESEARCH EXPERIENCE

<b>PhD Candidate</b> University of British Columbia – Canada Co-Supervisors: Dr. Wendy Robinson (BC Children's Hospital Research) & Dr. Wan Lam (BC Cancer Research Centre) Project: Characterizing Small Non-Coding RNA (sncRNA) in the human placenta and placental cell types, and investigating the biological (sex, ancestry), clinical (depression status, smoking) and technical variables driving variation. <i>Data:</i> RNA-seq, DNA methylation; <i>Software:</i> R; <i>Techniques:</i> RNA extraction, sample processing and optimization Recent Publications / Awards:	August 2019 –
<ul style="list-style-type: none"> <li>Small Non-Coding RNAs in the Human Placenta: Regulatory Roles and Clinical Utility – <i>Telkar N et al., 2022</i></li> <li>An <i>in vitro</i> chronic damage model impairs inflammatory and regenerative responses in human colonoid monolayers – <i>Rees WD, Telkar N et al., 2022</i></li> <li>Functional role of the cancer microbiome in the solid tumour niche – <i>Marshall EA, Telkar N, Lam WL, 2021</i></li> <li>RStudio Diversity Scholar 2022</li> <li>University of British Columbia 4 Year Doctoral Fellowship (4YF) Award</li> </ul>	
<b>Master's Student</b> UCL Genetics Institute and <a href="#">The Wellcome Sanger Institute</a> – England (Supervisor: Dr. Karoline Kuchenbäcker) Master's dissertation project in statistical genetics investigating the heritability, trans-ethnic genetic correlation, and association of lipid variants–biomarkers across several diverse populations. <i>Software:</i> UNIX, R, PLINK, GEMMA, Popcorn Second-author publication in <a href="#">Nature Communications</a> . Polygenic Risk Scores available on EMBL-EBI's <a href="#">PGS Catalog</a> .	January – August 2018
<b>Final Year Undergraduate Student</b> Newcastle University Campus for Ageing and Vitality – Newcastle upon Tyne, England Undergraduate Honors project validating candidate genes affecting oxygen concentration in <i>Drosophila melanogaster</i> . <i>Techniques:</i> qPCR, western blot, BN-PAGE, high resolution respirometry.	January – March 2017
<b>Summer Undergraduate Researcher</b> Institute of Genetic Medicine – Newcastle upon Tyne, England (Supervisor: Professor Susan Lindsay) Received the UK-wide competitive <a href="#">Genetics Society Summer Studentship</a> Award 2016. Project involved tracking the expression of the WNT5A protein in human embryonic tissue via immunohistochemistry. <i>Software:</i> Linux, MAPaint, Amira. Expression results available on MRC-Wellcome Trust HDBR <a href="#">database</a> . <a href="#">Report</a> featured, and <a href="#">poster</a> won awards.	July – September 2016

## PROFESSIONAL EXPERIENCE

<b>Biomedical Data Analyst</b> – <a href="#">BenchSci</a> , Toronto, Canada Labelling biomedical data for machine learning training Analyzing and categorizing biomedical product data collected from suppliers of scientific reagents	April 2022 –
<b>Biostatistics Expert</b> – BC Children's Hospital Research Institute, Vancouver, Canada Developed videos and resources teaching statistical concepts and analyses undertaken in health research at various levels (beginner, intermediate and advanced). Videos published online for the <a href="#">Summer Student Research Program 2021</a>	January – April 2021
<b>Teaching Assistant</b> – University of British Columbia TA for the graduate MEDG 520 Advanced Human Molecular Genetics course in the Department of Medical Genetics. Instrumental in restructuring the course and assignments, assisting course instructors, and holding tutorial sessions. Named " <i>the best TA he's ever worked with</i> " by the Head of the Medical Genetics Graduate Program.	September – December 2020

"Nikita always responded promptly and thoughtfully to requests for advice. Her input and assistance helped guide the learning process. She did everything I think a good teacher should, and went above and beyond the time and effort I would expect from a TA. She was the best part of the course."

**Co-Chair – Trainee 'Omics Group**, BC Children's Hospital Research Institute December 2020 –  
A graduate trainee-led bioinformatics and data analysis support group, running workshops, tutorials, and seminars  
Have exclusively **created (coded) and taught genomic data analysis tutorials**  
Honoraria awarded

**Visiting Scholar – MIT-ADT School of Bioengineering Sciences and Research, India** March – July 2019  
Visiting Lecturer in Genetics for first year undergraduate Bachelor of Technology Bioengineering students.

**Instructional Skills Workshop – University of British Columbia** July 2020  
A 24-hour professional development workshop to enhance teaching practices and application. Taught 3 short lessons with feedback from peers. "Nikita, your students will be lucky to have you, you make everything so easy to understand."

## PUBLICATIONS (in order of publication)

- Kuchenbaecker K, **Telkar N**, Reiker T, Walters RG, Lin K, Eriksson A et al (2019). *The transferability of lipid loci across African, Asian and European cohorts*. Nature Communications, 10: 4330.
- Marshall EA, **Telkar N**, Lam WL (2021). *Functional role of the cancer microbiome in the solid tumour niche*. Current Research in Immunology; 2: 1–6
- Cohn DE, Barros-Filho MC, Minatel BC, Pewarchuk ME, Marshall EA, Vucic EA, Sage AP, **Telkar N**, Stewart GL, Jurisica I, Reis PP, Robinson WP, Lam WL (2021). *Reactivation of multiple fetal miRNAs in lung adenocarcinoma*. Cancers; 13, 2686.
- Martinez, VD, Cohn DE, **Telkar N**, Minatel BC, Pewarchuk ME, Marshall EA, Price ME, Robinson WP, Lam WL (2021). *Profiling the Small Non-Coding RNA Transcriptome of the Human Placenta*. Sci Data; 8, 166
- Rees WD, **Telkar N**, Lin D, Peloni C, Fathi A, Kobor M, Zachos NC, Steiner TS (2022). *An in vitro chronic damage model impairs inflammatory and regenerative responses in human colonoid monolayers*. Cell Reports; 38(3)
- Telkar N**, Stewart GL, Pewarchuk ME, Cohn DE, Robinson WP, Lam WL (2022). *Small Non-Coding RNAs in the Human Placenta: Regulatory Roles and Clinical Utility*. Frontiers in Genetics; 13.
- Minatel BC, Cohn DE, Pewarchuk ME, Barros-Filho MC, Sage AP, Stewart GL, Marshall EA, **Telkar N**, Reis PP, Robinson WP, Lam WL (2022). *Genetic and Epigenetic Mechanisms Deregulate the CRL2pVHL Complex in Hepatocellular Carcinoma*. Frontiers in Genetics; 13.

## GRANTS AND AWARDS

4 Year Doctoral Fellowship (4YF) Award (2020-2024) – University of British Columbia  
President's Academic Excellence Initiative PhD Award (2020-2024) – University of British Columbia  
International Tuition Award (2019-2024) – University of British Columbia  
Genes and Development Summer Studentship 2016 – The Genetics Society UK  
Commendation Award – Newcastle University Student Research Scholarships and Expeditions Exhibition 2016  
RStudio Diversity Scholar 2022 – RStudio PBC  
Trainee Travel Grant 2022 – BC Children's Hospital Research Institute  
Registration Grant 2022 – Cold Spring Harbor Laboratory  
Registration Grant 2021 – EMBO-EMBL  
Virtual Knowledge Exchange Grant 2021 – BC Children's Hospital Research Institute  
Faculty of Medical Sciences Undergraduate Research Scholarship 2016 – Newcastle University  
Second Place Poster Award 2016 – Newcastle University Faculty of Medicine  
ncl+ Award – Newcastle University (for extracurricular achievement)

## PRESENTATIONS / POSTERS / WORKSHOPS

Regulatory and Non-Coding RNAs 2022 – Cold Spring Harbor Laboratory, New York, USA	May 2022
University of Toronto Health Network (UHN) Seminar Series ( <i>Invited</i> ) – Virtual	January 2022
Medical Genetics Research Day 2021 – Department of Medical Genetics, UBC, Canada	November 2020
EMBO-EMBL Symposium: The Non-Coding Genome – Virtual	October 2021
International Federation of Placental Research (IFPA) 2021 – Virtual	August 2021
Healthy Starts Research Day 2021 – BC Children's Hospital Research Institute, Canada	February 2021
Medical Genetics Research Day 2020 – Department of Medical Genetics, UBC, Canada	November 2020
ONCO548: Knowledge Translation ( <i>Invited</i> ) – Interdisciplinary Oncology Program, UBC, Canada	October 2020
British Columbia Cancer Summit 2019 – Vancouver, Canada	November 2019
Faculty of Medical Sciences Research Poster Presentation 2016 – Newcastle University, England	November 2016

---

## LEADERSHIP / VOLUNTEER EXPERIENCE

- Advisory Committee Member** – Department of Medical Genetics, UBC 2019 –  
Providing student feedback to department faculty and staff with discussing program development initiatives  
Single-handedly [redesigned and updated the department website](#) using WordPress with CSS and HTML coding
- Research Mentor** – NCL and UBC 2015 – 2016 / 2020 –  
Guiding and assisting incoming graduate students, both professionally and personally  
Aiding in formulating research questions, analysis methodologies, and interpretation of data
- Geneskool Volunteer** – Genome British Columbia October 2019 – October 2020  
Conducting interactive activities at local schools to educate students about genetics and its applications  
Committee Member at the Girls and Steam Symposium 2019 hosted by BC Science World
- Events Chair** – [UBC Medical Genetics Graduate Student Association](#) January 2021 –  
Assisting the board with executive decisions for this departmental social and outreach association.  
Varied roles fulfilled - Recruited panelists and moderated the Alumni Panel at the annual welcome event (received public acknowledgment), directed a fundraiser (raised ~\$300), designed the website, and populated all content

---

## EXTRA-CURRICULAR

- News Reporter** – Health Science Inquiry 2019 – 2020  
A News Reporter for the 2019-2020 academic year at this student-run science communication journal for graduate and post-doctoral students within Canada  
Article published in their [2020 issue](#).
- UCL Business Game 2017** – University College London November 2017  
Selected to participate in this exclusive University-wide challenge.  
Competed in 4 different team challenges focused on finance, marketing, strategy, and entrepreneurship set forth by by Bloomberg, Citibank, Gartner, and Lydia
- GrasRoots Case Competition** – University of British Columbia August 2021  
Won the Judges' Choice Award in this medical case competition focused on solving a real-world problem
